EDMUND E. GRAM

In conducting his own piano manufactory in Milwaukee, it has always been Mr. Gram's purpose to give the public an instrument of unquestioned merit at a moderate price. In this he has succeeded. He has embodied the best ideas of the standard makes of the world and thirty years of experience handling the highest grades of pianos has given him this advantage. EDMUND E. GRAM

In conducting his own piano manufactory in Milwaukee, it has always been Mr. Gram's purpose to give the public an instrument of unquestioned merit at a moderate price. In this he has succeeded. He has embodied the best ideas of the standard makes of the world and thirty years of experience handling the highest grades of pianos has given him this advantage. See and hear this piano to be convinced.
